

"Given what we do, and the things we see on the street, there's a heightened sense of awareness for the need."

-San Antonio Police Chief, William McManus

is a national blood drive campaign honoring anyone affected by motor vehicle accidents.

About Stop and Give

Stop and Give is a national blood drive to honor anyone affected by motor vehicle collisions, to build our community blood centers and to promote awareness about safe driving. Last year, a random act of recklessness led to the death of Dr. Laurie Sherlock's first child. The Sherlock's started this event to encourage random acts of generosity to help the communities we live in. **STBTC's Stop and Give campaign runs from December 18, 2011 through February 2012.**

What is the power of Stop and Give?

There are over 39,000 deaths from automobile accidents annually in the U.S. Stop and Give drives give grieving and recovering communities the mechanism to do something positive with their pain. All presenting donors during STBTC's Stop and Give campaign receive points to redeem for a Stop and Give T-shirt and more!

Get Involved

- ◆ **Donate blood** during Stop and Give at any STBTC **neighborhood donor room** or **mobile** site.
- ◆ **Redeem your points** for a Stop and Give T-shirt and help spread the word!
- ◆ **Honor a loved one.** If you or someone you know has been a victim of a motor vehicle accident, you can hold a blood drive in their honor. Call 1-800-292-5534 ext. 1308 to start the process.
- ◆ **Tell us your story** or share it on stopandgive.org.

Why should I Stop and Give?

By spending about an hour of your time, you have the ability to save three people's lives. You never know when tragedy might strike your family, your neighbor, yourself. Stop and Give to help those who desperately need blood.

Donate blood and redeem your points for a **STOP & GIVE** T-shirt!
January 1, 2012 through February 29, 2012
